The Healy Experience: Frequencies for Your Life. The Healy is a unique one-of-a kind medical device engineered in Germany, providing state of the art quantum AI frequency therapy. Our usage of frequencies is to support your health and well-being, not to treat or manage disease. **The Ultimate Anti-Aging Quantum Bio-feedback device ever created! A Bio-hackers dream!**

Providing individually scanned for micro current, scalar and Bio-informational field frequencies. Micro current applications create increased oxygen and ATP or energy production in your cells, thus balancing cell and organ frequencies. Cells vibrating at the proper frequencies creates health and wellness throughout the body on a physical level. Bio-informational field frequencies also make up the movement of thoughts, emotions and feelings of our brain to heart connection.

Looking for a space for your event?

Whether it's wanting to hold an art show or gather for movie and game night, we have a space available for you! Give us a call today and let's give our community a little life after the separation.

APS & Intuitions is looking to hold some events of our own! If you are a musician, poet, painter, comedian, or artist of any other sort, we are looking to fill our Friday and Saturday nights with liveliness and fun. I mean this town needs a comedy night right?...

We are also working to build our plant-based community. We are looking for vegan companies, natural foods stores, health food stores, and more to join in pop-ups, bakeries, food trucks, samples, and maybe even a secret kitchen! Contact us for more info.
